

March 27, 1996

LB 1190

LR 313

SENATOR LYNCH: Yes. Yes.

SPEAKER WITHEM: The amendment is withdrawn. Let me, at this point, announce how we're going to be proceeding. We will move to the resolutions. Following that, we'll come back and we'll pick up the '96 appropri...Select File '96 appropriation bills that do not have amendments filed to them and then, if there is time remaining before lunch, we will do the...come back to this bill. Would advise members, particularly on the collectively addressed resolutions, that those are all very worthy accomplishments that we're commending, but they do not become more worthy by taking more time speaking on those resolutions, so a gentle little hint there in that case. The first one, however, would be LR 313. Mr. Clerk.

CLERK: (LR) 313, Mr. President, a resolution originally introduced by Senator Wehrbein. The bill or resolution, excuse me, was referred to the Natural Resources Committee for hearing. Resolution was advanced to General File. I have no amendment...or advanced back to the Legislature for further consideration. I have no amendments pending at this time, Mr. President.

SPEAKER WITHEM: Senator Wehrbein.

SENATOR WEHRBEIN: Yes, Mr. Speaker and members, this simply is to allow the Game and Parks Commission to accept a land...a tract of land consisting of 47.82 acres from Rodney Don Rhoden. This is along the Missouri River next to the Plattsmouth Boat Club dock and the Schilling Wildlife Refuge. This property will be used for wildlife management, hunting and fishing, providing for over one-half mile of Missouri River access. There's been a map handed out showing you the approximate location of this. I have driven this personally. I did not take time to walk it, but I did look at it firsthand. It is a section along the levee there next to the river that he has given to us that connects, as I said, to Schilling. I think it is a reasonable, worthwhile gift for the state and the Game and Parks to accept and I would urge your adoption of the resolution on that basis.

SPEAKER WITHEM: There are no lights on, Senator Wehrbein. Do you have a closing?
